

## *Tailored Language Solutions for Your Meetings, Conferences, and Events*

Expert interpreting and translation services since 2004

WITH A TECH-FORWARD APPROACH

### Elevate Your Events with Precise Communication in 300+ Languages

Since 2004, the world's top conferences and meetings have relied on our expert language services. Seamless operations and superior technical event services have made Interprenet the preferred provider for many organizations – from government institutions to Fortune 500 companies.

- **From world summits to high-level diplomatic conversations** – deliver inclusive, high-quality experiences with our customizable, yet user-friendly language solutions.
- **From board meetings and shareholder calls to global team events** – multinational companies streamline multilingual conversations with our scalable, ISO 27001-certified language technology.
- **From academic panels to sporting events to international committees** – enjoy professional interpreting and live captioning at your event in a flexible and cost-effective way.

## Customizable To Your Needs:

### SIMULTANEOUS INTERPRETATION

Professional conference interpreters work onsite or remotely via our cutting-edge platform.

### MULTILINGUAL LIVE CAPTIONS

Your audience can follow along by reading captions projected on stage, on their mobile devices, or laptops.

### AI SPEECH TRANSLATION (AIST)

Combine award-winning AIST technology with human interpreters or use alone when maximum accuracy is less of a priority.

### AMERICAN SIGN LANGUAGE INTERPRETING

Make your event accessible for the deaf and hard-of-hearing with our professional ASL interpreters.

“  
*Interprenet provided exceptional interpretation for our New York Climate Week events, even with high-level audiences and last-minute program changes. They ensured accurate interpretation and excellent sound quality, meeting with our teams beforehand to solidify logistics. It's truly hard to find a quality language service provider, and we were 100% happy with Interprenet's services.*
